社長P Johnson致詞!

扶輪社存在的價值在於不斷的傳承，不斷的進步，參與的人越來越多，服務的深度也就越來越深；一項優質的社區服務，不會因時間的增長而疲乏，反而會因經驗的累積而將服務的品質提升，受益的對象越多，那扶輪的精神也就永續流傳。

今年的「兒童電腦繪圖比賽」，不免於俗，主題也是跟著潮流走，跟著扶輪精神走，平面圖畫類就以最夯的「花博在台北，連接全世界」為主題；2D動畫類就用地區總監Antonio的「圓夢100，台灣向前」為主題，在主委Milk-King 用心安排之下，不僅多了幾件特色服務，繳稿參賽的件數也增加不少。

提到今年增加的特色服務，「特殊天使組；對象是殘障重症者」，他們的參賽領獎場面特別感人，不僅是殘障兒童，又是重症者，除了肢體不便，精神方面也較常人不自然，但在指導老師溫馨的扶持下，個個精神抖擻，笑容嫵腆，相信透過南天社區服務的平台，特殊天使也將留下人生深刻的回憶。

1月15日的決賽頒獎典禮，在南天扶輪社全體社友及寶眷熱情參與之下，已順利圓滿落幕，也因各級長官，扶輪先進蒞臨指導，倍增光彩，在此一鞠躬向與會的貴賓表達最誠摯的謝意，明年見…。

The value of the Rotary Club is a legacy of continual progress. The more Rotarians participating in the club, the deeper the service dimension will be a quality community service will never fade with time, but rather, will improve in quality with all experiences accumulated in the past. As more people benefit from services offered by the Rotary Club, the spirit of the Rotary Club shall continue to improve.

The theme of the Children's Computer Art Competition is set with popular social trends in mind and reflects the spirit of the Rotary Club. For the Graphic Drawing category, the theme is "Flora Expo in Taiwan, Connecting with the World," and for the 2D Animation Category, the theme is "Success 100: Taiwan Moves Ahead." With special arrangements by Chairman Milk-King, not only are new services introduced into the competition, but the number of works submitted has also increased.

Speaking of special services this year, the Special Angel Group, which is dedicated to the severely disabled, is the focus. It is particularly touching when the contestants accept awards. The handicapped and critically ill contestants are all energetic with shy smiles on their faces. I believe that with the service platform provided by the South World Community, these special angels are sure to have the time of their lives.

With the participation of all South World Club Rotarians and their families, the final award ceremony came to an end on January 15. This ceremony was further honored by the attendance of government officials. Thus, I would like to express my most sincere gratitude to all ceremony participants and I hope to see you again next year.

創社社長的話 Charter President's Speech

第一屆兒童電腦繪圖比賽與我創南天扶輪社同時，當時舉辦這項比賽的初衷與熱忱仍躍然紙上，藉當年RI的年度口號"播撒愛心的種子"經過內部的討論，咸認為將愛心的種子播撒在兒童的身上必然會萌芽，茁壯，成長，開花，結果…。以我們有限的社會服務經費去結合社區、學校、家長會以及北市府教育局的資源共同舉辦"兒童電腦繪圖比賽"將深具意義，當年首創主辦人為Charles及Steven，參加者僅176件。但是這個"愛心的種子"卻在社友間首先開始萌芽了，故順理成章第二屆社長PP Biu及全體理監事同意也央請兩位首創人連續主辦三年奠定了良好的基礎與模式。

九年了，我們將"兒童電腦繪圖比賽"當成社內年度社區服務的主軸，也成為年度地區相關盛事之一，市長、一級主管、家長、老師、民意代表、扶輪先進、社友、寶眷等共襄盛舉為孩子們打氣，前來參加比賽的孩子們越來越多，許多都進入大學成了青年，參加比賽的過程依然歷歷在目，得獎時高興的尖叫和失獎時落寞的心情，仍迴盪記憶在每一位參賽者與家長們的腦海。參賽的小朋友逐年增加至逾千人，地區也擴及金馬、大陸地區，表現的方式也由電腦平面繪圖進入了2D動畫，涵蓋了國小及國中，讓我們更鼓舞的是身心障礙的小朋友們也都來參加了。

每一年的比賽都有當年度的主題，既與國際扶輪口號接軌也與社會時事謀合，寓比賽於教育，今年的平面繪圖主題是"花博在台北，連結全世界"而2D動畫則是"圓夢100，台灣向前"，為了切合主題，孩子們必須學習查詢各種資料，了解意義才能在比賽中，表達得淋漓，拿捏得中肯。從歷屆的作品中我們真的是既感動又欣喜，眼見孩子們在"電腦運用水平的提升"與"藝術創意陳述的表達"上都有長足的進步，甚至超越了成人的想像，我們真不敢自喻"與有榮焉"，但是在這整個過程中"南天扶輪社"沒有缺席。

當然我們不曾滿意過我們這項社會服務"兒童電腦繪圖比賽"的策劃與執行，也不斷地希望能做到盡善盡美，全體南天扶輪社社友及寶眷們相互砥礪總冀盼這項社會服務能百尺竿頭更進一步，更祈盼它能拋磚引玉能博得社會大眾普遍的認同與支持讓孩子們在比賽中學習電腦使用的技巧並保留兒童天然的純真，讓科技能與藝術相得益彰。

CP Raymond與天使組小朋友合影!

寄予第十屆"兒童電腦繪圖比賽"能做一個完整的回顧及前瞻。讓這個社會服務項目能夠持續實現我們"南天扶輪社"的扶輪夢想。

The First Children's Computer Art Competition was held at the time when I established Rotary Club of Taipei South World. My passion and enthusiasm for organizing the competition is still running in my blood. Upholding the annual RI slogan in that year, "Sow the Seeds of Love", after internal discussion, I believe that the seeds of love sown to children must bud, burgeon, grow, blossom and bear fruit. By combining our limited social service fund with resources from communities, schools, PTAs and the Department of Education of the Taipei City Government to organize the Children's Computer Art Competition will be both meaningful and significant. Charles and Steven were the inaugurating organizers of the competition. Although there were only 176 works running for the first competition, the "seeds of love" began burgeoning among Rotarians. Naturally, the PP Biu (second) and all directors and supervisors agreed to invite Charles and Steven to organize the event in the following three years. This has established a solid foundation and model for the Children's Computer Art Competition.

It has been nine years now, and the Children's Computer Art Competition has become an annual community service of the Rotary Club of Taipei South World and an annual regional event. The Taipei mayor, top management, parents, teachers, opinion representatives, senior Rotarians, Rotarians and family all cooperate with this big event to cheer children up. More and more children sign up to the competition every year. Although many past contestants are now adults studying in universities, the experience of their participating in the competition is still remembered to this day, and the screams of joy and excitement and depression after failure still live in the mind of every contestant and their parents. The number of contestants increases every year to more than 1,000 children, and the scope of competition has been expanded to Kinmen, Matsu, and even Mainland China. Even the dimensions of works have evolved from 2D computer-assisted drawings to 2D animations.

Contestants are now coming from elementary and junior high schools. What is encouraging is that even handicapped students also join us.

The event has a theme for each year. This theme connects with the annual RI slogan and matches social issues in order to combine competition and education. This year, the theme "Flora Expo in Taiwan, Connecting with the World" is designed for the graphic drawing category and "Success 100: Taiwan Moves Ahead" for the 2D animation category. In order to make works for the themes, children must learn how to find and collect the relevant information in order to understand the implications of these themes and to express their opinions without bias about the themes in their works. We are touched and amazed to see "the progress in computer skills" and "development in the expressions of art creativity" in children from the works over the years. Some are even beyond the imagination of adults. We share their honor and pride, and the Rotary Club of Taipei South World has always been there, through the competitions over the past nine years.

Without a doubt, we are never satisfied with the planning and implementation of this social service "Children's Computer Art Competition". So we keep making progress and breakthroughs towards perfection. Rotarians and their family of the Rotary Club of Taipei South World encourage one another, hoping to make progress for this social service. We even hope that our efforts can draw social recognition and support for children to learn computer skills from the competition and to maintain their purity and innocence, in order to let technology and art bring out the best in each other.

This is written for the Tenth Children's Computer Art Competition as a full review of the past competitions and a wish for competitions held in the future, in order to let the Rotary Club of Taipei South World to continuously realize the dream of the Rotary Club with this social service.

活動紀實 The record of the event

第九屆兒童電腦繪圖委員會主委Milk-King

今年的扶輪兒童電腦繪圖比賽的主題為“花博在台北、連結全世界” & “圓夢100、台灣向前”。這次的主題，不但結合了我們3520地區總監的理念，同時我們也響應了郝市長花博的推廣，更重要的是我們將歡慶建國100年和與世界接軌的精神，融入到我們的主體，也是這第9屆南天扶輪兒童電腦繪圖比賽的精采開始。

寧苦的南天社社友與寶眷!

這次的報名依然十分的踴躍，更是突破了去年的紀錄。共有來自各國中、國小和天使組的作品共853件。同時，今年我們仍相當的有幸與博愛國小再一次的搭配。在蘇再添校長、教務處的陳建地主任、資訊組的張世明老師及博愛國小的全體教職員和同學的配合與協助下，相關的準備工作在總決賽前陸續的展開。

活動當天(2011/1/15)，綿綿細雨完全澆不熄我們社友、寶眷和參賽大小朋友和老師家長們的熱情。校門未開，已經有人在校外等待，我們的社友Teddy因為教會有事，也自願的提前來協助引導來賓的工作。同時南天的志工也陸續就位，並協助最後的準備及佈置工作，今年比較特別的是我們的扶青團主委Jordan也動員了剛剛成立的扶青團團員出席協助。期許透過這個機會讓這些未來的扶輪人能對扶輪社能有更深一層的了解，也同時讓他們早些投入我們南天社會服務的行列。

9點鐘小朋友們到電腦教室就位，現場充滿著緊張的氣氛，在評審老師及本社社友Steven的說明後，決賽正式開始。這時候小朋友們開始認真的創作，而陪同的家長們則在學校所提供的大禮堂中稍事休息。9點半小朋友們回到禮堂，同學及家長，他們個個都信心滿滿，懷著既緊張又期待的心情在等候得獎名單揭曉。而頒獎典禮在本屆大會主持人社友Andy的宣布下正式開始。

感謝基隆社社友共襄盛舉

首先我們介紹了與會的貴賓。雖然我們3520地區的大家長因病未能出席，可是有台北市邱副市長、教育部的主秘馮清煌、11分區的助理總監PP Foody、17分區的助理總監PP

Milk-King
Chairman, the 9th Children's Computer Art Competition

The themes of the Children's Computer Art Competition this year are "Flora Expo in Taiwan, Connecting with the World" and "Success 100: Taiwan Moves Ahead." The themes not only reflect the belief of our director of Rotary International District 3520, but also responds to the promotion of the flora expo as initiated by Mayor Hao. Most importantly, we also consider the spirit of celebrating Taiwan's 100-year birthday and mindset of global integration when we set up these themes. This brings an inspirational start to the 9th Children's Computer Art Competition.

A lot of applicants have signed up and the number of applications received has even topped that of last year. A total of 853 works has been submitted by applicants from junior high schools, elementary schools, and the Special Angel Group. In the meantime, we are once again very honored to partner with Bo Ai Elementary School. With the assistance of Mr. Zaitian Su, Principal, Jiande Chen, Dean of Academic Affairs, Mr. Shiming Zhang of the Information Center, and all other faculty members and students, all preparation work has been completed before the finals.

On the day of the competition (2011/1/15), although there is drizzle, it does not weaken the passion held by our club members, families, teachers, parents and competition contestants. Some participants are already waiting outside the school entrant gate before it has even opened. Teddy, our lovely Rotarian, comes to the school early because his church service is taking place later that day and volunteers to guide our guests to the event venue. Meanwhile, club volunteers are

ready in position to finish up the final preparation and decoration. Impressively, Jordan, President of the Rotaract Club of Taipei South, has mobilized all members from the club just founded, and he hopes that these future Rotarians-to-be can gain a deeper understanding about the Rotary Club and to provide them with a chance to join the service crew from the Rotary Club of Taipei South World.

At 9am, all contestants come to the computer classroom ready for the contest and everyone is holding their breath waiting to start. After explanations from judges and Steven, a club member, the finals officially start. All contestants are very serious, and the accompanying parents are taking a short break at the main auditorium. At 9:30 am, all contestants come to the auditorium where their parents and classmates are staying. Contestants are all very confident, anxious, and waiting in anticipation for the announcement of the winner. The awarding ceremony begins shortly after an announcement from Andy, the ceremony host and club member.

First of all, we introduce our VIP guests. Although the president of Rotary International District 3520 is

Casio、基隆社社長及社友和許多政府機關的領導與熱情參與下，現場依舊蓬華生輝。

在社友Jaba為我們做了入圍作品展示的說明後，我們今年則是邀請了博愛國小的弦樂隊在現場為我們表演了一連串膾炙人口、耳熟能詳的組曲。然後在眾人的見證之下，我們社長Johnson也代表南天社捐贈了他們所需的電腦教室椅給博愛國小。這也是我們南天社對於博愛國小多年來配合且協助我們兒繪比賽的一點心意。

博愛國小弦樂團精彩的演出!

接下來則是緊張刺激的頒獎典禮，今年各組得獎的名單分別是：

決賽時參賽小朋友認真的作畫!

頒獎典禮之後，我們也請了公益團體台灣遲緩兒天使樂園協會的劉美伶將這個協會成立的宗旨做了簡單的說明。最後我們的創社社長CP Raymond也上台致詞。典禮的最後，也是最後的壓軸，則是社友Steven提供與美術相關題目並透過他們公司的教育訓練/投票系統讓現場參賽的學童來搶答。過程雖然緊張刺激，但是豐富的獎品，也讓許多的同學們滿載而歸，也又再一次的為這第九屆的兒童電腦比賽畫下一個完美的句點。

全體與會人員大合照!

台北市副市長致詞!
